

Quick Guide to Alternative Payment Models

Alternative Payment Models (APMs) are the most advanced options under the Medicare Access and CHIP Reauthorization Act's (MACRA) Quality Payment Program. APMs offer the highest incentives and could be the preferred model of the future. But APM requirements are complex – and some don't even qualify for MACRA. Where do you stand? Here's an overview of some of the current guidelines.

Alternative Payment Models	MACRA Advanced APM	Patient Requirement	Payment Types					Application Deadline
			Fee-for-service	Management Fee	Bundled Payment	Shared Savings or Shared Savings & Risk	Performance Incentives
